Treasured Chests

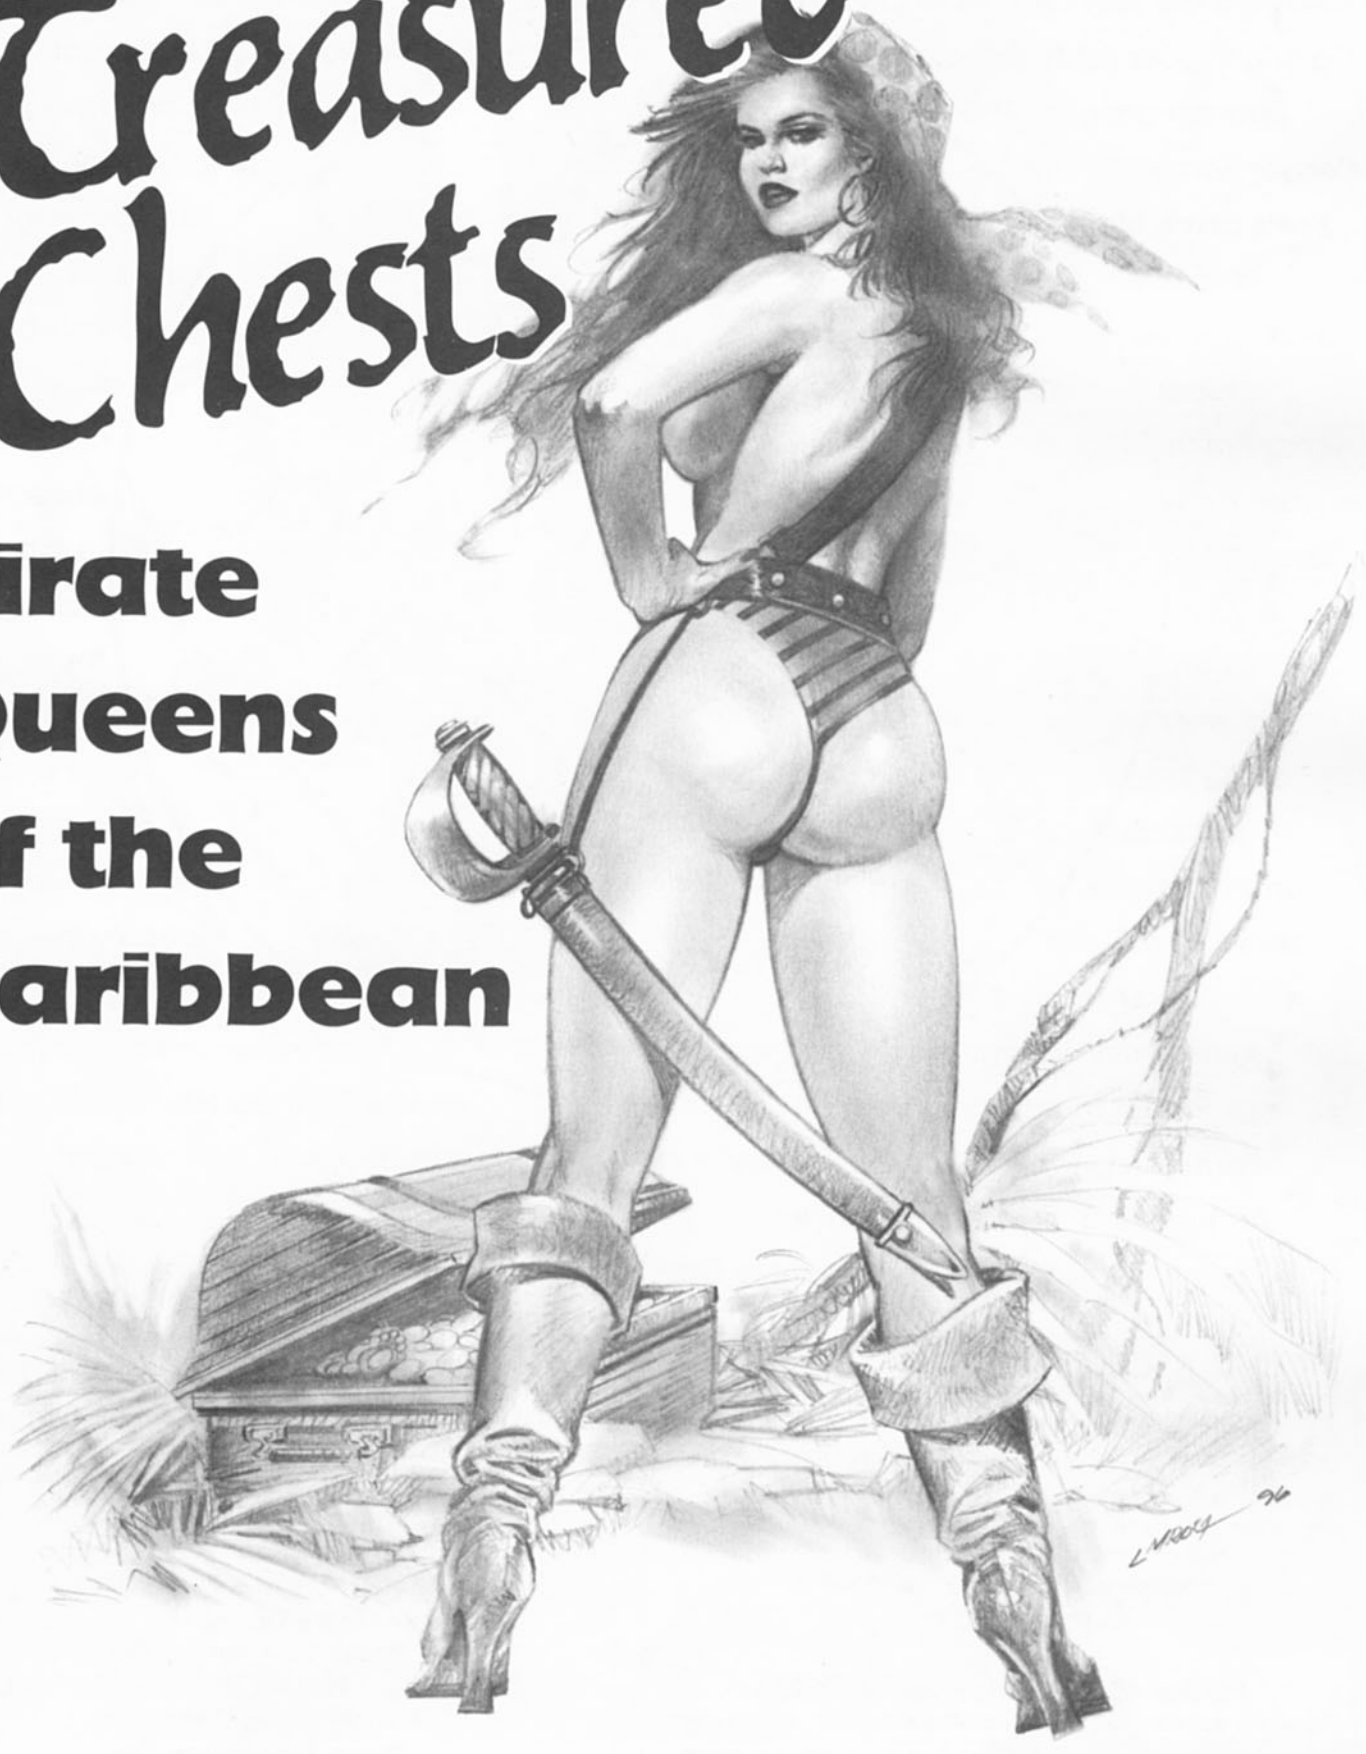
Pirate Queens of the Caribbean



Arrr! These be fightin' females!

Okay, it's the 18th Century, and you're floating along in your richly-appointed Spanish galleon "The Ceasar Romero". The sky is azure blue, and even matches the paper umbrella in your rum cooler! All is well, when suddenly along the portside comes a pirate ship loaded with barebreasted buccaneers with designs on your manhood! Bummer! Fortunately for you however - they're all female, and they're all beautiful! Not the worst way to be sent to Davy Jones' Locker! It was this silly little daydream we described to our salty crew of artists, and they jumped to the assignment! Illustrate female pirates in all their swash-buckling glory! The resulting collection is a fond salute to all those who would go their own way, plunder British ships, swing from ropes, fly the Jolly Roger flag ,or copy video tapes without fear of reprisal from the FBI. We like to think there's a little pirate in all of us. Arrrr!
